**M.A. HISTORY**

**OVERVIEW**

The Master of Arts (M.A.) in History is designed to expand a student's knowledge of history and historical method, and to develop a student's research, writing, and analytical abilities in U.S., European, and world history. The degree prepares students for careers in public history, further study towards a doctoral degree, and teaching at the secondary and postsecondary levels.

**Program Level Student Learning Outcomes**

The student will be able to:

1. Identify connections between historical issues and life outside the classroom, and compare the historical development of their own and other cultures.
2. Think historically about the past by identifying and critiquing historical interpretations (historiographical analysis) and analyzing issues in a historical context.
3. Select and use evidence from a variety of sources, including primary sources, and complete assignments that prompt them to argue effectively and critically.
4. Examine current issues from a historical perspective and examine the role of historical interpretation in shaping current actions and policies.

**Entry Requirements**

After the student has met the requirements for university admission, the M.A. in History program will make a conditional admission decision based on the application materials submitted, the most important of which is documentation demonstrating either an undergraduate degree in History with a GPA of 3.0, or the equivalent of an undergraduate major in History (minimum 24 credit hours) with a GPA of 3.0. Official transcripts should be provided in order to document all prior history coursework. If a student has not satisfied this requirement, they may be required to take up to 24 credit hours of undergraduate leveling in history, in which they must earn a GPA of 3.0. If not already submitted, the student will be required to submit a GRE score taken within the previous six years.

Once a student has completed 12 credit hours in graduate history coursework, consideration will be given for full admission to the M.A. in History program. The Graduate Coordinator, in consultation with full-time program faculty, is responsible for making and communicating program admission decisions and is the point of contact for all inquiries regarding the program. The Graduate Coordinator is also responsible for all advising, including assisting with the student's selection of either the thesis or non-thesis track. Students must have the approval of the Graduate Coordinator to change tracks once they have completed 24 credit hours of coursework. If at any point a student's GPA in the M.A. in History program falls below a 3.0, the student could be subject to disciplinary action, including suspension or removal from the program. If a student receives a failing grade in a course, he or she will be required to retake that course; and if the failing grade results in suspension, the student could remain on suspension until the course is retaken with a satisfactory grade.

**Master of Arts - History with Thesis Program Requirements**

All courses applicable to the program must be attained, at least 36 hours are required for the degree.
