

# B.B.A. FINANCE

## OVERVIEW

The Bachelor's degree in Finance prepares students to pursue a career in finance in a global economy as well as pursue advanced degrees.

Students have the flexibility to focus on courses that meet specific career objectives and related certifications, such as:

- financial planning
- corporate finance
- business development

You will have the opportunity to work with experienced and dedicated faculty committed to the pursuit of excellence in teaching.

Talk with an advisor to find out how you can pursue a micro-credential (9 credit hours) while pursuing this degree. Micro-credential options: Business Analytics & Intelligence, Cybersecurity, Accounting Analysis, Project Management, and Supply Chain Management.

## Program Level Student Learning Outcomes

The student will be able to:

- Demonstrate proficiency in written communications.
- Demonstrate proficiency in oral presentations.
- Exhibit cross-cultural competencies that will aid in communicating and working with people from different cultures.
- Design and defend a reasoned resolution to an ethical challenge.
- Demonstrate knowledge proficiency in the core business disciplines and integrate across multiple business disciplines.
- Make decisions through business data analysis
- Demonstrate the ability to value financial assets.
