

B.S. PSYCHOLOGY

OVERVIEW

The Psychology program at A&M-Central Texas offers a variety of courses in clinical work, research, applied psychology, and psychological theory. Program faculty are researchers who are committed to excellence in education, and have diverse backgrounds reflective of the broad scope of the field of psychology (e.g., abnormal psychology, cognitive psychology, developmental psychology, and social psychology).

There are many opportunities for psychology majors to conduct research with faculty members exploring a range of topics including program evaluation, responses to trauma, exam anxiety, online learning and more.

While the majority of our graduates go on to further study in psychology and are accepted into a graduate program, others have found jobs or advanced in their existing careers at human services agencies within the Central Texas region.

Program Level Student Learning Outcomes

The student will be able to:

- Discuss how major concepts, theoretical perspectives, historical trends, and empirical findings apply to behavioral problems and decision making.
- Apply information literacy skills and scientific reasoning to interpret psychological phenomena.
- Design, conduct, analyze, and interpret basic psychological research.
- Adhere to the professional values and ethical standards relevant to psychological science and practice.
- Demonstrate competence in writing and presentation skills for a variety of audiences and purposes.
- Demonstrate specific skills, competencies, and points of view needed by professionals in the field (e.g., group work, research, statistical analysis).

Bachelor of Science - Psychology Program Requirements

Refer to the General Education Core Requirements (catalog.tamuct.edu/undergraduate-information/general-education-core-requirements/) page for more information on the CORE REQ coursework. The Field of Study (FOS) courses are listed in the footnotes (if applicable). At least 120 credit hours are required for the degree.

Code	Title	Credit Hours
First Year		
Fall		
	CORE REQ Communications (010)	3
MATH 1314	College Algebra (CORE REQ (020) ¹)	3
or MATH 1342	Elementary Statistical Methods	
or PSYC 2317	Statistical Methods in Psychology	
BIOL 2401	Anatomy and Physiology I (CORE REQ (030))	4
or BIOL 1406	Biology for Science Majors I (Lecture + Lab)	
or BIOL 1408	Biology for Non-Science Majors I (Lecture + Lab)	

	CORE REQ Creative Arts (050)	3
	Any Level Elective ¹	3
Spring		
	CORE REQ Language, Philosophy, and Culture (040)	3
BIOL 2402	Anatomy and Physiology II (CORE REQ (030))	4
or BIOL 1407	Biology for Science Majors II (Lecture + Lab)	
or BIOL 1409	Biology for Non-Science Majors II (Lecture + Lab)	
	CORE REQ Social and Behavioral Sciences (080)	3
PSYC 2301	General Psychology (DEG REQ) ¹	3
	Any Level Elective ¹	3
Second Year		
Fall		
	CORE REQ Communications (010)	3
	CORE REQ American History (060)	3
	CORE REQ Government/Political Science (070)	3
	CORE REQ Component Area Option (090)	3
	Any Level Elective ¹	3
Spring
